DOCKETED

JUN - 6 2013

Dear Commissioners:

DOCKETED BY	nr
-------------	----

I strongly support the Energy Efficiency programs. Please support expanding and fully funding energy efficiency in any decision on the TEP rate case.

I am a homeowner and do not wish for high energy rates in the future.

I am American Indian and support programs that look seven generations into the future.

I am a mother, and would like a clean earth for my son.

I am a community member and care about low income community members. Because I care about keeping costs low for all I am willing to invest in energy efficiency programs now.

Sincerely,

Maria E. Aparicio, Esquire
